"I got hired on the second day of school to teach a grade 6/7 class, and I had never started my own class before...I felt kind of lost, they try to support you, but they just throw you in there, and having a workshop would really help...." S.T. SD 45

'Start UP! Your Class Successfully'

with Ray Myrtle. Coordinator, Start UP!

Learn what to focus upon during the first week with a new class. Learn about strategies that enable you to build routines, set the tone, and quickly assess your new class. Learn effective lessons which reduce classroom management issues. Then you can rehearse these as a TTOC, so you will be skilled and confident when you have your own class.

Get The First Week of School, a 33 pg. booklet of lesson suggestions, strategies, ideas and checklists for your first week with your new class. Learn how to access resources, workshops and our support network designed for early career classroom teachers.

Start Up! your class prepared & confident!
