start.....**UP!** The First Week of School

Starting up your class is a crucial point in your year. It sets the stage and gets things rolling. This first session will help you to manage your classroom, set the tone and assess your new students efficiently. Get **The First Week of School**, a 33 pg. booklet of lesson suggestions, strategies, ideas and checklists for your first week with your new class. Start Up! your year prepared and confident!

start.....**UP!** Your Class Successfully

Next, attend workshops packed with plans and strategies to help you begin **six subject areas**. You will receive resources and lesson ideas that work for grades 4 through 7. You'll learn the thinking behind the suggestions, and you will have the opportunity to network with resource people. TTOCs prepare now for your class.

start.....**UP!** Your Program Successfully

During the year, attend workshops designed to help you prepare for a term's instruction from experienced teachers keen about a topic or strategy such as geometry, simple machines, or journalling.
