

**Start UP! Your Class Cooperative: A non-profit teachers co-op
Helping early career teachers be prepared and confident!
Resources, strategies, ideas for early in the year: the what, how and why**

Please pass on to early career teachers.

New: Primary! Webcasts!

start UP!

start UP! Series in Aug. & Sept. 2015

Start your year with 4 days of practical advice, strategies & resources designed for primary or grade 4-8 early career teachers in Burnaby, Surrey or Kamloops.

Starting up your class is a crucial point in your year. It sets the stage and gets things rolling.

Spend each day with two experienced teachers who will explain how they would begin teaching for the first time.

Learn:

- what strategies they would use
- how to use them
- what they would focus on and why

Prepare efficiently, use or adapt their resources, plans and lesson ideas.

Why reinvent the wheel?

how do I register? Go to: <http://bit.ly/startupreg>

See the Metro schedule on the back.
