and a network of
other new
teachers

‘Use Art to Engage, Create & Learn Writing’ for K-3 with Tamara Sengotta

AM- In this hands on workshop we will explore how to create a bulletin board size collaborative art project and how to use this art as a prompt for fiction and non-fiction student writing.

This is a workshop that can fuel your literacy program for a month or more....perfect for a new contract k-3 teacher. The project can easily be broken down into parts for TTOC use too. Leave with unit plans, classroom management techniques, strategies for building classroom community, assessment tools and more. (read more details on our registration page).

‘Picture Books for Wonderful Learning’ with Nicole Widdess

AM-Using an engaging picture book based on a social justice issue, Nicole will walk us through activities that you can do with one picture book--from read aloud, to using 2 or 3 reading strategies (4 quadrants, placemat approach, Wonder Books), to writing a poem that evokes deep thinking. The ideas shared in this workshop are open-ended and allow for application with most picture books related to any topic. Just pull-out your file folder, and you are ready to go. What a nice way to feel at ease and spend time connecting with students. Order the book \$16 vs \$29

‘Start UP! Your Class Successfully’ with Ray Myrtle

PM-Learn how to build your career as a TTOC. Get strategies and resources you can use as a TTOC and to start your first short term contract. **‘The First Week of School’**, has lesson suggestions, strategies, ideas and checklists. Learn what to concentrate on and what to leave for later. Learn an overall strategy and specific techniques to reduce conflict and deal with it smoothly. Access resources and a support network. **Start Up! your next class prepared & confident!**

We appreciate the financial support of myPITA, BCTF Locals & the RR Smith Foundation.
