Cracking the new Curriculum-Linda O'Reilly
Feeling frazzled about BC's new curriculum? Then you will want to join Linda O'Reilly as she introduces "Cracking BC's Curriculum Redesign", a guide she developed for busy teachers. Together we will use the interactive guide to navigate the elements of the redesigned curriculum from the big ideas and learning standards, to student driven exploration, Aboriginal Principles of Learning, and everything in between! Bring your computer and be ready to load up this exciting new interactive guide to begin your unit planning today.

Start UP! Your Math Class- Ann-Marie Hunter 4-8

We will discuss how to begin the year through a focus on individual needs and how to use hands-on tools to strengthen Basic Skills. Strategies presented are designed to build student confidence, helping students to be more engaged and successful in Math. The program Mastering the Basics, from Trevor Calkins' Power of Ten program,

Start UP! Your PE Class - Tammy Wirick 4-9

Develop skills to teach all students PE. Engaging warmups, management strategies and simple progressions that meet the needs of all learners.
Come prepared to be active and change your thinking about what Physical Education means to you.

Ann-Marie Hunter 4-9

Let's talk about ways to engage and motivate your students with hands-on Math tools to learn measurement and geometry. Come and play with manipulatives, learn strategies, and get resources to help you successfully teach these Math topics!

Start UP! Rhythmics and Dance Tammy Wirick 4-9

Come and be prepared to participate in a unit that allows students at all levels to be actively engaged in rhythmics that can develop fitness, coordination, group skills and even incorporate specific sports. You will gain an understanding of the approach to teaching an inclusive introduction to dance that challenges all students appropriately utilizing equipment and music that's easily accessed. Come prepared to be active and change your thinking about dance!

Start UP! Your Class Successfully - Ray Myrtle Gr. 4-8

Learn how to build your career as a TIOC. Get strategies and resources you can use as a TIOC in 'The First Week of School', with lesson suggestions, strategies, ideas and checklists for your first week with a new class. Learn what to concentrate on and what to leave for later. Learn an overall strategy and specific techniques to reduce conflict and deal with it smoothly. Access resources and a support network. Start Up! your class prepared confident. (time yet confirmed- check our registration site)
