## **Start UP! The First Week of School- Ray Myrtle Gr. 3-8**

This workshop will help you to start and manage your new classroom. Get **The First Week of School, a 33 pg. booklet** of lesson suggestions, strategies, ideas and checklists for your first week with your new class. Network as you learn about the other parts of the Start UP! program. Start Up! your year prepared & confident!

## **Social Studies: Making History Meaningful - Tom Morton. Gr. 4-10**

Learn practical steps to make history alive and meaningful for our students: to stimulate curiosity, think historically, create real products and share these with a wider audience - the approaches and concepts that are central to the new Social Studies curriculum. Resources and opportunities for follow-up will be provided.

## **TOC Toolkit: Physical Activity On the Go! with Action Schools! BC Gr. 4-7**

This workshop shares physical activity ideas for elementary school TTOCs that are easy to implement, require little or no equipment, and can be offered in a classroom, gym, or outdoors. Active TTOCs will also qualify for an Action Resource & complimentary TTOC Action Bag filled with resources and equipment which will be sent to them after the session. Come and learn engaging and innovative physical activities to take with you when you're on the go!

## **Start Science: Simple Machines! -Ray Myrtle Gr. 5-7**

Winter is a good time to teach Physical Science. Learn about science activities that get your class observing, testing, measuring, recording, and making; all designed to help students enjoy science. Use easy to get materials, yet challenge all students to test, think and explore. Then apply their knowledge to solve real world problems. Access over 25 resources & videos.
