'Start UP! Your Class Successfully*'

AM- Learn how to be ready for a 1st class or short term contract, or build your career as a TTOC. Learn an overall strategy and specific techniques to reduce conflict and deal with it smoothly. Get of lesson suggestions, strategies, ideas and checklists you can use for your first week with your new class and as a TTOC, in **The First Week of School, a 33 pg. book**. Learn about resources and the Start UP! support network. **Start Up! your class prepared & confident!**

'The Power of Extreme Writing'

AM- Students who write too slowly, and can't "ideate" quickly fall further and further behind as subjects become more demanding. BUT...how do we enhance fluency and keep it engaging long enough to succeed? Extreme Writing is a totally new journaling program. Leave with a plan for the year, and a method of assessing student capacity. The brain loves novelty and this workshop includes 7 unique strategies to keep the program novel, with multiple ideas for each strategy, creating a year of refreshing unexpected choices for your grade 4-9 students.

'Reading Strategies, Poetry & more!'

in 1 book: 'Love that Dog!' -Diana Cruchley

PM- 'Love That Dog' is a fabulous book; the students love it, You can read it aloud in less than an hour and it lends itself to great discussions and terrific lessons. Use it to teach multiple reading strategies, a journal program and inspire students in a poetry unit. Diana's Cruchley provides wonderful strategies and each participant will receive a copy of the book!

TTOC or for a short term contract? Carry it with you & you're ready for an hour, or more of LA lessons!

'Start UP! Simple Machines!'

PM The use of simple machines and the scientific method have created the world around us. Get your students experimenting, organizing info and sharing with others. We will build these science and math skills through activities and share some ways students can use their new skills to explore and learn, such as to explore and build machines to complete a task.
