## The First Week of School- Ray Myrtle 3-9

This workshop will help you to start and manage your new classroom. This workshop will help you lassroom. Get The First Week of School, a 33 pg. booklet of lesson suggestions, strategies, ideas and checklists for your first week with your new class. Network as you learn about the other parts of the Start UP! program. Start Up! your year prepared & confident!

## Start Your Rhythmics/Dance Program- Tammy Wirick gr. 3-8

Come prepared to participate in a unit that allows students at all levels to be actively engaged in rhythmics that can develop fitness, coordination, group skills and even incorporate specific sports. You will gain an understanding of the approach to teaching an inclusive introduction to dance that challenges all students appropriately utilizing equipment and music that's easily accessed. It will change your thinking about dance.

## Start UP! Your Math Class- Ann-Marie Hunter 4-8

We will discuss how to choose strategies for teaching that will diminish Math Anxiety and build student confidence, helping students to be more engaged and successful in Math. The program, Mastering the Basics, from Trevor Calkins' Power of Ten program, will be introduced.

## Start UP! Measurement & Geometry- Ann-Marie Hunter gr. 4-9

Let's talk about ways to engage and motivate your students with hands-on Math tools to learn measurement and geometry. Come and play with manipulatives, learn strategies, and get resources to help you successfully teach these Math topics!

## Start UP! Your French Class: Children's books develop literacy in the Core French Classroom – Stacey Sveistrup 5-8

Use books in Core French for pre-reading, during, and post-reading strategies & building a mini-unit. Teachers will learn innovative ways to develop their students' language skills in French. Activities will be grade-appropriate using literacy-based approach, some Intensive French methodology. Regardless of abilities in French, teachers will go away with some new and fun ideas to use immediately in their classrooms.

## TOCToolkit: Classroom Management for TTOCs.- Amanda Long-Anderson 3-9

TTOCs must establish rapport with students quickly and use management strategies that work immediately. Explore the basics of classroom management and how TTOCs can adapt them for their work. Practical strategies for creating a positive environment and taking constructive action with individual students will be discussed.

Especially for Teacher Candidates, TTOCs and teachers on short term contracts	For all teachers
AM-TOCToolKit- Class management* or Start UP! Your French Class	Start Measurement & Geometry
PM- Start UP! Your Math Class	Start Rhythmics and Dance
